# Tap&Go Locking System

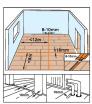

### **Preparation**

Level the Base-floor

Acclimation

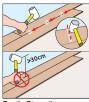

Nail&Glue Free

Space For Expansion

Heating System Floor

Gentle Strength

### Installation

NOTE: Please examine all the flooring before installing for the colour, finish, quality and style. The manufacturer will not assume any responsibility for the above once the product has been installed.

#### **Care and Maintenance**

## **Detailed Care Maintenance Tips:**

#### DO:

- · Wipe up liquid or food spills promptly with dry cloth or paper towels.
- Remove sticky residue (like jelly) with a slightly dampened cloth
- For general cleaning please use Bona timber spray mop.
- · Daily Cleaning: Remove loose dirt and grit, dust mop, broom sweep, electric broom or vacuum
- · Use interior and exterior doormats at entrances to collect dirt and moisture and prevent it from being tracked onto the floor-
- · Area rugs are recommended in front of kitchen sinks, at all pivot points and within high-traffic areas. The rugs must be made of a breathable material to prevent moisture entrapment.
- · Place runners and area rugs (with slip-resistant backings) along high-traffic areas.
- · Keep animal nails trimmed to prevent finish scratches
- . To prevent surface damage avoid rolling heavy appliances and furniture on the floor. Use plywood hardboard or appliance lifts, if
- Use furniture leg protector pads under all furniture legs.
- · Replace hard, narrow furniture rollers with wide rubber rollers.
- Keep the relative humidity in your home between 45% and 65%.
- · Protect your floor from direct sunlight,
- · Please make sure that the temperature and humidity are moderate in the room.

#### DON'T:

- · Use any of the following products (or products similar in nature) on your floor: ammonia based cleaners, acrylic finishes, wax based products, detergents, bleach, polishes and oil soaps, abrasive cleaning soaps or acidic materials such as vinegar.
- DO NOT WET MOP
- · Allow water to stand on your floor for any length of time wipe up immediately.
- · Walk across your floor in poorly maintained shoes with heel taps, spike heels or with any sharp object protruding from your shoe
- · Allow furniture to rest on the floor on small metal tips or hard domes
- · Use rubber, foam back or plastic mats as they may trap moisture and possibly discolor your floor
- · Use vacuums with beater bars or hard heads
- · Allow "spike heel" type shoes to indent wood floors, especially if the hell tip is damaged or has lost its rubber pad
- · Leave your flooring exposed to direct sunlight for long periods of time
